

**The Catalytic Process Industries in China:
Markets, Technologies & Strategic Implications
“Segment” Report – Environmental Catalysts
(July 2005)**

CONTENTS

I. INTRODUCTION	1
II. EXECUTIVE SUMMARY	3
A. Issues Affecting Environmental Catalysts in China.....	3
B. Emissions Pollution in China – Current Status	4
1. Mobile Source (Automotive) Catalysts	4
2. Stationary Source Catalysts.....	8
C. Other Areas/Technologies in Emissions Control	10
1. Catalysts for waste water treatment.....	10
2. Photo-catalysts.....	10
3. Fuel cells	11
D. Remaining Challenges in Emissions Control.....	11
III. THE ENVIRONMENTAL CATALYST INDUSTRY IN CHINA	13
A. General	13
1. Introduction	13
2. Present status of the emission pollution in China.....	14
3. Laws, regulations and policies concerning the emission of pollutants from motor vehicles in China.....	15
4. Brief introduction of automobile environmental protection catalysts in China	18
B. Structure of the sector.....	19
C. Analysis of the market supply/demand balance for automobile tail gas catalysts in China.....	20
1. Research and production.....	20
2. Consumption of desulfurization agents in China	25
3. Consumption of motor vehicle tail gas catalysts in China.....	25
4. Supply/demand balance of automobile tail gas catalysts.....	26
D. Price change and affecting factors.....	27
1. Price change of three-way catalysts in China	27
2. Price change of desulfurization agents in China	28
3. Major affecting factors.....	28
E. Market growth and affecting factors	28

1. Market growth	28
2. Major influence factors	30
F. Imports and exports	30
G. Motor vehicle environmental protection catalyst technologies	32
1. Motor vehicle tail gas purification technologies	32
2. Stationary pollutant source pollution prevention technologies	35
IV. ISSUES AND CONCERNS IN THE CHINESE ENVIRONMENTAL CATALYST INDUSTRY	45
A. The Chinese approach	45
B. Problems and points of attention	46
1. Problems	46
2. Points of attention	47
V. OPPORTUNITIES AND THREATS TO THE CURRENT SITUATION IN THE CHINESE ENVIRONMENTAL CATALYST INDUSTRY	49
A. Opportunities and challenges	50
1. Opportunities	50
2. Challenges	50
VI. STRATEGIES AND RECOMMENDATIONS	53
A. Driving factors in China	53
B. The current environment	54

TABLES

Table II-1	Major Automobile Three-way Catalyst Producers in China	5
Table II-2	Supply/Demand Balance for Automobile Tail Gas Catalysts in China	7
Table II-3	Demand Projection for Automobile Three-way Catalysts in China	7
Table III-1	Total Amount and Output of Automobiles and Motorcycles in China Per Annum	15
Table III-2	Emission Limits for Light-Duty Automobiles in Europe	17
Table III-3	Subordination Relations and Ownership Forms of Major Automobile Tail Gas Catalyst Producers in China	19
Table III-4	Major Automobile Three-way Catalysts Producers in China	21
Table III-5	Contact Methods of Major Motor Vehicle Environmental Protection Catalyst Producers in China	22
Table III-6	Supply/Demand Balance of Automobile Tail Gas Catalysts in China	27
Table III-7	Prices of Desulfurization Agents in China	28
Table III-8	Demand Projection of Automobile Three-way Catalysts in China	29
Table III-9	Import and Export of Automobile Tail Gas Catalysts in China	31
Table III-10	Property Indexes of Three-way Catalysts Produced by a Domestic (PRC) Producer	33
Table III-11	Application Conditions of Desulfurizing Agents	37
